EXPERIENCE

full stack developer, LegitBytes

Sahibzada Ajit
Singh Nagar

Jul 2024 — Present

As a Full Stack Developer, I create dynamic, scalable web applications using Next.js for modern, responsive frontends and Node.js for robust backend systems. Combining seamless user experiences with efficient server-side logic, I deliver high-performing, maintainable solutions. Collaborating with teams, I ensure smooth integration and exceptional user engagement across the stack.

EDUCATION

BCA – Bachelor Computer Application,
Punjabi University, Patiala, Punjab, India

Patiala

2020 — 2023

CGPA : 7.6/10

PROJECTS

Athlete Vision —client-project — Full Stack

Developed the backend for Athlete Vision using Node.js, AWS Lambda, and integrated Chargebee and Stripe for payment processing and subscription management. Designed scalable, serverless APIs to support Admin, Trainer, and Athlete panels, implementing secure CRUD operations, role-based access control, and real-time data handling for seamless functionality.

Next.js

Cloud platforms (AWS)(GCP)

Docker

LANGUAGES

Punjabi

Hindi

English

Ace-Engine — Full Stack

Developed the backend for a client project to automate cloud compliance checks using AWS, S3, and serverless architecture with Node.js. Built scalable APIs, secure cloud integrations, and real-time reporting to streamline compliance validation processes

Historical Gurudwara — client-project — Full Stack

I developed a dashboard for managing historical Gurudwaras using ReactJS for the front-end and Node.js for back-end API

Full Stack Real Time Chat Application

[LINK](#)

This is a fullstack, realtime chat application leveraging **Socket.IO** for twoway WebSocket communication. The backend is developed using **Node.js** with Express (or similar) and the frontend is built in **Next.js**. Users can log in, join the chat, send and receive messages instantly, and interact in a seamless liveenvironment.

LEADERSHIP EXPERIENCE

Project Lead

Led a team to deliver a full-stack app on time with high-quality code.

Team Collaboration

Contributed to code reviews and promoted team efficiency.

PROFILE

Dynamic Full Stack Developer with over a year of experience in crafting scalable, user-focused web applications. Proficient in Next.js and Node.js, delivering seamless front-end and robust back-end solutions that enhance user engagement. Adept at collaborating with cross-functional teams to ensure integration and maintainability across projects. Passionate about exploring new technologies to elevate application performance and user experience. Committed to driving innovation and excellence in every project undertaken.
